1. Procedures should be established to ensure timely, thoroughly staffed notification on foreign VIP visitors who may be of sufficient interest to the Agency to warrant an appointment with the Director (or Deputy Director).

2. Referenced OCR report provides basic data on upcoming visits; however, what is presently lacking is a systematic review of this report by senior operating officials and their specific recommendations on those individuals with whom a short meeting with the Director would be of particular value to the Agency.

3. Deputy Directors are requested to instruct their division, office and staff chiefs to personally review referenced OCR report and to submit recommendations to the O/DCI through the appropriate Deputy Director; negative reports are not required. It is incumbent upon the recommending officer to provide the necessary data and background information concerning the visitor and also conversational topics which the visitor may evoke or which the sponsor recommends be pursued.
